QLDLSCSQ02

Skill Set in

STRUCTURAL LANDSCAPING

With deep roots in the Building and Construction industry, we know what it takes to shape workforce-ready, highly skilled trade professionals who stand out from the crowd.

At FTA, we don't just deliver training, we unlock potential.

Our focus is simple: real results, expert guidance, and pathways to success. With qualified trainers, flexible study options, and practical, hands-on support, you'll gain the confidence, skills, and drive to thrive in your career.

Don't just learn a trade, master it. Train with the best.

MASTER STRUCTURAL LANDSCAPING

The QLDLSCSQ02 Skill Set in Structural Landscaping is designed for professionals looking to advance their expertise in managing and supervising structural landscaping projects.

This course equips learners with the skills to oversee work health and safety, estimate project costs, select and manage construction materials, and ensure compliance with legal requirements. It also covers effective communication and administrative processes to ensure smooth project execution from start to finish.

Entry requirements for this course is that you must be currently employed in the construction industry.
