ambition inspired

With deep roots in the Building and Construction industry, we know what it takes to shape workforce-ready, highly skilled trade professionals who stand out from the crowd.

At FTA, we don't just deliver training, we unlock potential.

Our focus is simple: real results, expert guidance, and pathways to success. With qualified trainers, flexible study options, and practical, hands-on support, you'll gain the confidence, skills, and drive to thrive in your career. Don't just learn a trade, master it. Train with the best.

## GROW YOUR FUTURE

Graduates of the AHC20624 Certificate II in Parks and Gardens will be equipped with foundational skills to excel in a range of roles within the horticulture industry. This qualification builds practical capabilities in plant care, soil management, irrigation, and the safe operation of horticultural tools and machinery.

Graduates will be prepared to support the cultivation, maintenance, and presentation of gardens, parks, and other green spaces, making them valuable contributors to the horticulture and landscaping sectors.

Learners will also gain hands-on experience using a range of outdoor machinery and equipment, as well as participating in native seed collection activities.

## BENEFITS

-  Pave your way with recognised qualification for greater career opportunities.
-  Achieve your goals with real world experience while you earn and train on site.
-  Mentorship from highly qualified trainers
