

RII20120

Certificate II in RESOURCES AND INFRASTRUCTURE WORK PREPARATION

With deep roots in the Building and Construction industry, we know what it takes to shape workforce-ready, highly skilled trade professionals who stand out from the crowd.

At FTA, we don't just deliver training, we unlock potential.

Our focus is simple: real results, expert guidance, and pathways to success. With qualified trainers, flexible study options, and practical, hands-on support, you'll gain the confidence, skills, and drive to thrive in your career.

Don't just learn a trade, master it. Train with the best.

LAUNCH YOUR CAREER

This nationally recognised qualification is the starting point for those wanting to build a career in the Resource and Infrastructure industries. It is a pathway qualification that looks to prepare you for continued learning in the industry.

In this course you'll learn to conduct local risk control, work safely and within Work Health and Safety requirements, plan and organise work and effectively communicate in the workplace. These are all fundamental skills of a skilled industry worker.

There are no entry requirements for this course.
